

## *Our Vision. . .*

WE offer individuals with developmental disabilities and their families, access to services and supports that will enhance the quality of their everyday lives,  
*one person at a time.*

## *Our Mission. . .*

**Listen**, value, and respect individuals with developmental disabilities and their families and the choices they make for their lives.

**Enrich** the choices and opportunities we provide to help individuals with developmental disabilities and their families to learn, work, and live a life they desire.

**Optimize** meaningful experiences for individuals with developmental disabilities and their families to support their dreams that go beyond basic needs.

## About Us.....

### **The Sandusky County Board of Developmental Disabilities**

behavior support services focus on positive teaching and supports necessary to achieve each individual's desired outcomes and successful living.

The Sandusky County of Developmental Disabilities Behavior Support Services in partnership with The Psychology Department at Bowling Green State University, provide a variety of emotional and behavioral supports.

The services take into consideration the whole person and include but are not limited to Health, Spiritual, Safety, Emotional, Social, Educational, Vocational, Physical, and Leisure.

We encourage developing behavior support services with the individual's participation. Our behavior support services promote the growth, development and independence of individuals, promoting individual choice in daily decision-making, emphasizing self-determination and self-management.

Both Behavior Support and Psychological Services work closely with the Service and Support Administrators, Adult Day Programs, Residential Providers, and Transportation providers to provide services, supports, and training to individuals and staff that reflect respect, dignity, and a positive regard for the individual who is receiving services.

## *Services Offered.....*

**Together at the Sandusky County Board of Developmental Disabilities, the Behavior Support Department and the Psychological Services Department from Bowling Green State University provide the following services:**

- ◆ Individual or group based counseling
- ◆ Psychological assessment
- ◆ Behavioral assessment
- ◆ Behavior support training and support services
- ◆ Crisis intervention support
- ◆ Other behavioral consultation services upon request
- ◆ Support to families and parents
